KUKUZA / MERCHANDISE COLLECTION

Brand Book / public collection. Photorealistic concept mockups grouped by product and design.

The range uses the current rooster-feather identity and KUKUZA KIZAZI KIPYA wording. Public designs are Plain, Prototype Camo, Direction Shift, Apex Stripe and Crosshatch / Checks. Materials and sizes share the same visual preview.

Plain keeps the chest mark compact. Patterned pieces integrate the larger feather with balanced lettering. Apparel backs use KUKUZA KIZAZI KIPYA without a second rooster. Cream sun discs remain independent of the feather tip.

All materials, sizes and manufacturing dimensions in the companion specifications are proposals. These visualisations do not establish supplier availability, physical samples or production approval. Exact technical colours and production guidance belong to the separate Print Book.

READING THE CATALOGUE

Each group shows the same product in its valid base colours. Each look ID links the mockup to the decision matrix and SKU register. Size and material suffixes select specifications, not different images. The source studio board is retained at full resolution.

T-SHIRT

Display material: Cotton single jersey. Proposed choices: Cotton single jersey; Cotton-rich rib knit; Performance polyester jersey. Sizes: XS, S, M, L, XL, 2XL, 3XL.
