KUKUZA / PRINT BOOK

Supplier reference / proposed specifications and safe reusable artwork. This book is separate from the visual Brand Book. Supplier sizing confirmation required.

COLOUR AND TYPE

Colour	sRGB hex	sRGB values
Red	#C90020	(201, 0, 32)
Warm cream	#FFF2D8	(255, 242, 216)
Near black	#151311	(21, 19, 17)

These merchandise reference colours inherit the earlier artwork set. Website interface tokens differ slightly and are not manufacturing colour standards. The supplier must provide profile-specific separations and approve a physical ink, fabric or thread proof. Do not invent a Pantone match.

Bangers Regular is the display and merchandise wordmark font. Use the supplied local font and preserve KUKUZA KIZAZI KIPYA spelling. Helvetica or Arial is used for instructions and product information. Do not substitute a condensed italic face and call it Bangers.

LOGO MASTER AND SAFE AREA

Retain the source PNG at its original aspect ratio. Its transparent padding is not artwork: measure placements from the visible feather. Use an independent warm cream sun on red and black bases. Never attach the disc to the pointed nib with a cream tail. Do not distort, rotate individual feather sections or recolour the public mark.

Proposed clear space is one quarter of the visible feather width on all sides. Proposed minimum visible height is 25 mm for print and 35 mm for embroidery; supplier proof may require larger sizes. Fine feather inserts must remain open at final size. Reference placements are maximum proposed areas, not mandatory enlargement targets.

PATTERN RULES

Design	Construction
Plain	Logo and wording only.
Prototype Camo	Angular fragments.
Direction Shift	Fine parallel diagonal panels changing angle.
Apex Stripe	Nested zigzags.
Crosshatch / Checks	Square checks or plaid.

ARTWORK AND MANUFACTURING METHODS

Flat wordmark PDF and SVG assets are supplied separately without a garment background. They are reusable artwork, not a complete cut-and-sew template. Existing tote/cap/wristband artwork remains archived with its original stated sizes. New seamless panel patterns and footwear decoration require the chosen supplier template. Never print a photorealistic mockup photograph as the transfer.

Use DTF or screen printing only after testing the actual substrate. All-over designs should normally be printed on panels before sewing. Dark polyester may require dye-migration controls; rib knit needs stretch-compatible decoration and a stretch test. Do not prescribe heat, time or pressure without the transfer and blank manufacturer instructions.

For embroidery, use simplified solid shapes and confirm minimum line widths, stitch density and stabiliser with the digitiser. PDFs and SVGs are not DST, PES or other machine stitch files. For silicone use a simplified engraving/debossing wrap and paint fill. Foam, suede and footwear require supplier-specific methods.

PRODUCT SPECIFICATIONS

T-SHIRT

Proposed materials: Cotton single jersey; Cotton-rich rib knit; Performance polyester jersey.

Proposed sizes: XS, S, M, L, XL, 2XL, 3XL. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 100 x 130 mm; back 280 x 180 mm. Supplier sizing confirmation required.

Decoration: DTF or screen print on smooth cotton; stretch-rated transfer on rib; sublimation for suitable polyester panels.

POLO SHIRT

Proposed materials: Cotton pique; Cotton-polyester pique; Performance polyester jersey.

Proposed sizes: XS, S, M, L, XL, 2XL, 3XL. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 90 x 110 mm; back 260 x 170 mm. Supplier sizing confirmation required.

Decoration: Embroidered chest or tested transfer; keep collar and placket clear.

LONG-SLEEVED SHIRT

Proposed materials: Cotton poplin; Cotton-polyester poplin; Cotton twill.

Proposed sizes: XS, S, M, L, XL, 2XL, 3XL. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 90 x 110 mm; back 260 x 170 mm. Supplier sizing confirmation required.

Decoration: Embroidery or tested transfer; panel print before sewing for continuous patterns.

VARSITY JACKET

Proposed materials: Cotton-rich fleece body / woven sleeves; Wool-blend body / synthetic leather sleeves.

Proposed sizes: XS, S, M, L, XL, 2XL, 3XL. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 100 x 130 mm; back 280 x 230 mm. Supplier sizing confirmation required.

Decoration: Embroidery or applique; test heat sensitivity of sleeves and lining.

HOODIE

Proposed materials: Cotton-rich brushed fleece; Cotton-rich French terry.

Proposed sizes: XS, S, M, L, XL, 2XL, 3XL. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 250 x 230 mm; back 280 x 250 mm. Supplier sizing confirmation required.

Decoration: DTF, screen print or embroidery; avoid pocket, seams and drawcords.

CAP

Proposed materials: Cotton twill; Polyester twill.

Proposed sizes: Adjustable adult. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 100 x 50 mm; rear 70 x 15 mm. Supplier sizing confirmation required.

Decoration: Embroidery reference; supplier digitises stitch file and confirms seam clearance.

BUCKET HAT

Proposed materials: Cotton twill; Polyester-cotton twill.

Proposed sizes: S/M, L/XL. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 70 x 45 mm; crown band supplier template. Supplier sizing confirmation required.

Decoration: Embroidery or tested transfer; patterned panels require cut-and-sew template.

SAFARI HAT

Proposed materials: Cotton canvas; Polyester-cotton ripstop.

Proposed sizes: S/M, L/XL. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front 70 x 45 mm; crown band supplier template. Supplier sizing confirmation required.

Decoration: Embroidery patch or panel printing; retain brim, eyelets and chin strap.

HAIR BONNET

Proposed materials: Polyester satin outer / satin lining; Polyester satin outer / silk lining.

Proposed sizes: Adult standard, Adult XL volume. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Band mark 45 x 20 mm; crown supplier template. Supplier sizing confirmation required.

Decoration: Sublimation on suitable polyester crown panels; band print tested for stretch.

SLIDES

Proposed materials: EVA sole / synthetic strap; EVA sole / textile-covered strap.

Proposed sizes: EU 36, EU 37, EU 38, EU 39, EU 40, EU 41, EU 42, EU 43, EU 44, EU 45, EU 46. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Strap artwork supplier template. Supplier sizing confirmation required.

Decoration: Supplier-approved UV, transfer or textile print; not ordinary garment DTF on bare foam.

FOAM CLOGS

Proposed materials: EVA foam; EVA blend foam.

Proposed sizes: EU 36, EU 37, EU 38, EU 39, EU 40, EU 41, EU 42, EU 43, EU 44, EU 45, EU 46. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Solid upper and heel strap supplier template. Supplier sizing confirmation required.

Decoration: Supplier-approved UV or decoration process; avoid holes and strap pivots.

CLOSED-TOE MULES

Proposed materials: Suede upper / cork-look footbed; Microfibre upper / EVA footbed.

Proposed sizes: EU 36, EU 37, EU 38, EU 39, EU 40, EU 41, EU 42, EU 43, EU 44, EU 45, EU 46. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Upper and strap supplier template. Supplier sizing confirmation required.

Decoration: Embroidery, patch or tested surface method; do not assume foam-clog process.

TOTE BAG

Proposed materials: Cotton canvas; Cotton-polyester canvas.

Proposed sizes: Standard adult tote. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Front and back 280 x 320 mm. Supplier sizing confirmation required.

Decoration: DTF or screen print on a flat panel clear of seams and handle attachments.

SILICONE WRISTBAND

Proposed materials: Moulded silicone.

Proposed sizes: Adult 202 mm circumference. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Wrap 200 x 10 mm; proposed band width 12 mm. Supplier sizing confirmation required.

Decoration: Deboss or engrave with paint fill; simplify fine lines; reserve 2 mm seam gap.

GRADUATION SASH

Proposed materials: Polyester satin; Cotton-polyester twill.

Proposed sizes: Adult standard length. Measurements, fit tolerances, fibre percentages, weights and blank dimensions await the supplier chart.

Placement: Each panel artwork supplier template. Supplier sizing confirmation required.

Decoration: Panel sublimation on suitable satin or tested transfer; open front with neck wrap.

PRODUCTION RELEASE CHECKLIST

Confirm blank model and composition, supplier size chart, panel/print area and seam clearance. Approve vector master and outlined lettering. Confirm process, separations, underbase, bleed and physical colour proof. Inspect strike-off or stitch-out at actual size. Approve wash, stretch and adhesion tests appropriate to the substrate. Record the approved sample and supplier revision before a run.

SOURCES AND STATUS

Website logo and Bangers font: supplied local KUKUZA WordPress assets. Material options and dimensions: proposals for supplier review. Rugby fabric terminology: https://www.macron.com/en/care-label-and-materials . No supplier booking, stock, price or manufacturing certification is implied.
